

Media Borough Tree Survey Quadrant 3: Southwest Media (South Jackson Street and West)

Tree Number	Street Address	Common Name	Scientific Name	Caliper @12" or Diameter @ Breast Height (DBH-4.5")	Overall Size	Final Recommendations
1	112 South Jackson Street---across from Town House Restaurant.	Red Maple	<i>Acer rubrum</i>	15.5" DBH	This is a mid-sized Red Maple.	This Red Maple is not in favorable health and should be further reviewed and evaluated.
2	South Jackson Street nearest J. Nelson Rigby Funeral Home (no street address).	Pin Oak	<i>Quercus palustris</i>	43" x 31" DBH	This is a very large and mature Pin Oak.	Portions of the lower trunk/roots of this large Pin Oak are growing over the adjacent curb. The health of this Pin Oak is not favorable. It should be further reviewed and evaluated.
3	South Jackson Street nearest Citizen's Bank---no street address.	Hybrid Oak	Quercus sp.---the parentage of this Oak is uncertain. The leaf morphology clearly shows characteristics similar to those of a Pin Oak.	18.0" DBH	This is a mid-sized Hybrid Oak.	The health of this Hybrid Oak is "fair". It should be further reviewed and evaluated.
4	South Jackson Street nearest Citizen's Bank---no street address.	Pin Oak	<i>Quercus palustris</i>	19.5" DBH	This is a mid-sized Pin Oak.	The health of this Pin Oak is questionable. It should be further reviewed and evaluated.
5	South Jackson Street nearest Citizen's Bank---no street address.	Red Oak	<i>Quercus rubra</i>	27.0" DBH	This is a relatively large Red Oak.	The health of this Red Oak should be reviewed and evaluated. As noted, corrected pruning is recommended.
6	South Jackson Street nearest to the corner of South Jackson Street and Franklin Street--- across from the Fellowship House.	Red Maple	<i>Acer rubrum</i>	4.0" DBH	This is a small-sized Red Maple.	No immediate action is required.
7	306 South Jackson Street	Kwanzan Cherry	<i>Prunus serrulata 'Kwanzan'</i>	6.0" DBH	This is a small-sized Kwanzan Cherry.	No immediate action is required.
8	315 South Jackson Street	Ornamental Pear	<i>Pyrus calleryana</i> (cultivar unknown)	10.5" DBH	This is a small to mid-sized Ornamental Pear.	
9	No street address---located across from 400 South Jackson Street.	Yoshino Cherry	<i>Prunus x yedoensis</i>	8.5" DBH	This is a mid-sized Yoshino Cherry.	This overall health of this Yoshino Cherry should be further evaluated and critiqued.
10	407 South Jackson Street	Japanese Tree Lilac	<i>Syringa reticulata</i>	6.0" DBH	This is a mid-sized Japanese Tree Lilac.	No immediate action is required.
11	415 South Jackson Street	American Yellowwood	<i>Cladrastis kentukea</i>	13.5" DBH	This is a small to mid-sized Yellowwood.	Considerable pruning is needed throughout the crown of this Yellowwood. It is in "fair" condition.
12	417 South Jackson Street	Crabapple	<i>Malus</i> sp.	9.0" DBH	This is a mid-sized Crabapple.	This crabapple is in need of removal.
13	412 South Jackson Street	Ornamental Pear	<i>Pyrus calleryana</i> (cultivar unknown)	5.0" DBH	This is a small-sized Ornamental Pear.	No immediate action is required.
14	Plum Street	N/A	N/A	N/A	N/A	There are no municipal trees located on Plum Street.
15	1 South Olive Street	Little Leaf Linden	<i>Tilia cordata</i>	4.0" DBH	This is a small-sized Little-Leaf Linden.	No immediate action is required.
16	11 South Olive Street	Crabapple	<i>Malus</i> sp.	6.0" DBH	This is a small to mid-sized Crabapple.	This Crabapple should be scheduled for removal.
17	Currently in front of Custom Bagels---across from 18/20 South Olive Street.	Green Ash	<i>Fraxinus pennsylvanica</i>	14.5" DBH	This is a mid-sized Green Ash.	The health of this Green Ash should be reviewed and evaluated. It is in "poor" to "fair" condition.
18	19 South Olive Street	Green Ash	<i>Fraxinus pennsylvanica</i>	15.0" DBH	This is a mid-sized Green Ash.	As noted, the health of this Green Ash is compromised and should be reviewed and evaluated. This tree is in "poor to "fair" condition.
19	111 South Olive Street---near Dos Gringos Restaurant.	Purple-Leaf Myrobalan Plum	<i>Prunus cerasifera</i> (cultivar)	1.5" in Caliper.	This is a small-sized Purple-Leaf Myrobalan Plum.	No immediate action is required.

Media Borough Tree Survey Quadrant 3: Southwest Media (South Jackson Street and West)

Tree Number	Street Address	Common Name	Scientific Name	Caliper @12" or Diameter @ Breast Height (DBH-4.5")	Overall Size	Final Recommendations
20	No Street Address---located on South Olive Street nearest Gibbon's Garage	Red Maple	<i>Acer rubrum</i>	12.5" DBH	This is a mid-sized Red Maple.	The health of this Red Maple should be reviewed and evaluated. The current condition of this Red Maple is not favorable---and it may be a candidate for removal in the relatively near future.
21	No street address---located on South Olive near Gibbon's Garage.	Red Maple	<i>Acer rubrum</i>	16.0" DBH	This is a mid-sized Red Maple.	The health of this Red Maple should be reviewed and evaluated.
22	303 South Olive Street	Higan Weeping Cherry	<i>Prunus subhirtella 'Higan'</i>	7.5" DBH	This is a mid-sized Higan Weeping Cherry.	The health of this Higan Weeping Cherry is poor. It may be a candidate for removal in the relatively near future.
23	305 South Olive Street	N/A	N/A	N/A	N/A	
24	309 South Olive Street	Okame Cherry	<i>Prunus 'Okame'</i>	4.5" DBH	This is a small to mid-sized Okame Cherry.	The health of this Okame Cherry is not optimal.
25	315 South Olive Street	Crabapple	<i>Malus sp.</i>	9.5" DBH	This is a mid-sized Crabapple.	The Crabapple is in very poor health and should be scheduled for removal.
26	317 South Olive Street	Silver Maple	<i>Acer saccharinum</i>	10.5" DBH	This is a mid-sized Silver Maple.	The health of this Silver Maple is compromised.
27	321 South Olive Street	Crabapple	<i>Malus sp.</i>	9.0" DBH	This is a mid-sized Crabapple.	As noted, this Crabapple is compromised and may be a candidate for removal in the relatively near future.
28	Corner of West Jefferson Street and South Olive Street.	Crabapple	<i>Malus sp.</i>	8.5" DBH	This is a mid-sized Crabapple.	A number of communication wires traverse through the crown of this tree. This Crabapple is only in "fair" health.
29	No street address---located near the corner of West Jefferson Street and South Olive Street.	Crabapple	<i>Malus sp.</i>	8.5" DBH	This is a mid-sized Crabapple.	This Crabapple is not in optimal health.
30	No street address---located near the corner of West Jefferson Street and South Olive Street.	Crabapple	<i>Malus sp.</i>	8.0" DBH	This is a mid-sized Crabapple.	
31	411 South Olive Street	Crabapple	<i>Malus sp.</i>	8.0" DBH	This is a mid-sized Crabapple.	This Crabapple is not in optimal health.
35	No street address---located near the corner of West State Street and South Jackson Street.	Ginkgo	<i>Ginkgo biloba</i>	2.0" DBH	This is a small-sized Ginkgo.	This is a "male" Ginkgo and will not produce fruit.
36	2 South Jackson Street	Red Maple	<i>Acer rubrum</i>	3.0" DBH	This is a small-sized Red Maple.	No immediate action is required.
37	110 South Jackson Street	Black Gum	<i>Nyssa sylvatica</i>	11.0" DBH	This is a mid-sized Black Gum.	No immediate action is required.
38	Corner of South Jackson and State Street---near Rigby Funeral Home.	Red Oak	<i>Quercus rubra</i>	18.0" DBH	This is a mid to large-sized Red Oak.	No immediate action is required.
39	Located near the corner of South Jackson Street and West Baltimore Pike---adjacent to Rigby Funeral Home.	Red Oak	<i>Quercus rubra</i>	17.0" DBH	This is a mid to large-sized Red Oak.	No further action is needed in association with the health of this Red Oak.

Media Borough Tree Survey Quadrant 3: Southwest Media (South Jackson Street and West)

Tree Number	Street Address	Common Name	Scientific Name	Caliper @12" or Diameter @ Breast Height (DBH-4.5")	Overall Size	Final Recommendations
40	Located near the corner of South Jackson and West Baltimore Pike---adjacent to the Flagship Building.	River Birch	<i>Betula nigra</i>	Two River Birch in planting bed with Hydrangeas---multiple-stemmed Birch.	These are mid-sized River Birch.	Both of these River Birch are in good overall condition.
41	308 South Jackson Street	Thornless Common Honey Locust	<i>Gleditsia triacanthos f. inermis</i>	17.0" DBH	This is a mid to large-sized Thornless Common Honey Locust.	No immediate action is required.
42	312 South Jackson Street	Thornless Common Honey Locust	<i>Gleditsia triacanthos f. inermis</i>	18.5" DBH	This is a mid to large-sized Thornless Common Honey-Locust.	No immediate action is required.
43	314-320 South Jackson Street	Yoshino Cherry	<i>Prunus x yedoensis</i>	20.0" DBH	This is a large-sized Yoshino Cherry.	
44	320-322 South Jackson Street	Kwanzan Cherry	<i>Prunus subhirtella 'Higan'</i>	2.5" DBH	This is a small-sized Kwanzan Cherry.	No immediate action is required.
45	324 South Jackson Street	Persian Parrotia	<i>Parrotia persica</i>	7.5" DBH	This is a small to mid-sized Parrotia.	No immediate action is required.
46	No street address---located near the corner of South Jackson Street and West Jefferson Street.	Red Maple	<i>Acer rubrum</i>	28.0" DBH	This is a large-sized Red Maple.	The roots are potentially compromised on the curbside of this tree. The bark of this tree is likewise "flaking". This Red Maple is a potential candidate for removal.
47	400 South Jackson Street	American Yellowwood	<i>Cladrastis kentukea</i>	12.0" DBH	This is a mid-sized American Yellowwood	No immediate action is required.
48	400 South Jackson Street	Red Bud	<i>Cercis canadensis</i>	9.0" DBH	This is a mid-sized Red Bud.	No immediate action is required.
49	406 South Jackson Street	Pin Oak	<i>Quercus palustris</i>	14.0" DBH	This is a mid to large-sized Pin Oak.	No immediate action is required.
50	406 South Jackson Street	Yoshino Cherry	<i>Prunus x yedoensis</i>	12.0" DBH	This is a mid to large-sized Yoshino Cherry.	This Yoshino Cherry is in "poor" to "fair" health.
51	420 South Jackson Street	Japanese Tree Lilac	<i>Syringa reticulata</i>	7.0" DBH	This is a mid to large-sized Japanese Tree Lilac.	It is recommended that this Japanese Tree Lilac be removed.
52	422 South Jackson Street	N/A	N/A	N/A	N/A	No immediate action is required.
53	111 South Olive Street---adjacent to Ariano's Restaurant.	Sweet Gum	<i>Liquidamber styraciflua</i>	24.0" DBH	This is a mid to large-sized Sweet Gum.	No immediate action is required.
54	114 South Olive	Sweet Gum	<i>Liquidamber styraciflua</i>	20.0" DBH	This is a mid to large-sized Sweet Gum.	No immediate action is required.
	No street address---located near the corner of West Baker Street and South Olive Street.	Goldenraintree	<i>Koelreuteria paniculata</i>	9.5" DBH	This is a mid-sized Goldenraintree.	No immediate action is required.
56	No street address---located near the corner of West Baker Street and South Olive Street. Across from the multi-level municipal parking garage.	Goldenraintree	<i>Koelreuteria paniculata</i>	10.0" DBH	This is a mid-sized Goldenraintree.	No immediate action is required.

Media Borough Tree Survey Quadrant 3: Southwest Media (South Jackson Street and West)

Tree Number	Street Address	Common Name	Scientific Name	Caliper @12" or Diameter @ Breast Height (DBH-4.5")	Overall Size	Final Recommendations
57	No street address---located near the corner of West Baker Street and South Olive Street. Across from the multi-level municipal parking garage.	Ornamental Pear	<i>Pyrus calleryana</i> (cultivar unknown).	12.5" DBH	This is a mid-sized Ornamental Pear.	No immediate action is required.
58	No street address---located near the corner of South Olive Street and Franklin Street.	Willow Oak	<i>Quercus phellos</i>	9.5" DBH	This is a mid-sized Willow Oak.	No immediate action is required.
59	No street address---located near the corner of South Olive Street and Franklin Street.	Yoshino Cherry	<i>Prunus x yedoensis</i>	8.5" DBH	This is a mid-sized Yoshino Cherry	No immediate action is required.
60	320 South Olive Street	N/A	N/A	N/A	N/A	No immediate action is required.
61	This tree is located approximately 50' from the corner of South Olive Street and West Jefferson Street.	Pin Oak	<i>Quercus palustris</i>	24.5" DBH	This is a large-sized Pin Oak.	No immediate action is required.
62	This Pin Oak is located at the corner of State Street and South Avenue. It is adjacent to PNC Bank.	Pin Oak	<i>Quercus palustris</i>	18.0" DBH	This is a mid-sized Pin Oak.	
63	This Pin Oak is located at the corner of West State Street and South Avenue. It is adjacent to PNC Bank.	Pin Oak	<i>Quercus palustris</i>	17.5" DBH	This is a mid-sized Pin Oak.	
64	This Amelanchier is located further south on South Avenue---from the corner of West State Street.	Amelanchier	<i>Amelanchier arborea</i>	12.5" DBH	This is a mid to large-sized Amelanchier.	There are not a large number of Amelanchiers growing throughout the Borough. This is a very interesting and attractive small-flowering tree.
65	No street address---located near the corner of Baltimore Pike and South Avenue.	N/A	N/A	N/A	N/A	No immediate action is required.
66	207 South Avenue---near Baltimore Pike.	Pin Oak	<i>Quercus palustris</i>	34.5" DBH	This is a large-sized Pin Oak.	No immediate action is required.
67	300 South Avenue	Thornless Common Honey Locust	<i>Gleditsia triacanthos f. inermis</i>	24.5" DBH	This is a mid to large-sized Thornless Common Honey Locust.	No immediate action is required.
68	311 South Avenue	Yoshino Cherry	<i>Prunus x yedoensis</i>	14.5" DBH	This is a mid to large-sized Yoshino Cherry.	No immediate action is required.
69	313 South Avenue	Yoshino Cherry	<i>Prunus x yedoensis</i>	16.0" DBH	This is a mid to large-sized Yoshino Cherry.	No immediate action is required.
70	315 South Avenue	Kwanzan Cherry	<i>Prunus serrulata 'Kwanzan'</i>	4.0" DBH	This is a small-sized Kwanzan Cherry.	No immediate action is required.
71	315 South Avenue	N/A	N/A	N/A	N/A	
72	315 South Avenue	Ornamental Pear	<i>Pyrus calleryana</i> (cultivar unknown).	14.5" DBH	This is a mid to large-sized Ornamental Pear.	This Ornamental Pear should be further reviewed and evaluated.
73	403 South Avenue	Kousa Dogwood	<i>Cornus kousa</i>	6.0" DBH	This is a small to mid-sized Kousa Dogwood.	No immediate action is required.

Media Borough Tree Survey Quadrant 3: Southwest Media (South Jackson Street and West)

Tree Number	Street Address	Common Name	Scientific Name	Caliper @12" or Diameter @ Breast Height (DBH-4.5")	Overall Size	Final Recommendations
74	405 South Avenue	Willow Oak	<i>Quercus phellos</i>	11.5" DBH	This is a mid-sized Willow Oak.	No immediate action is required.
75	407 South Avenue	Yoshino Cherry	<i>Prunus x yedoensis</i>	13.0" DBH	This is a mid to large-sized Yoshino Cherry.	No immediate action required.
76	407 South Avenue	Pin Oak	<i>Quercus palustris</i>	30.5" DBH	This is a large-sized Pin Oak.	No immediate action is required.
77	413 South Avenue	Pin Oak	<i>Quercus palustris</i>	21.0" DBH	This is a mid to large-sized Pin Oak.	
78	429 South Avenue	Okame Cherry	<i>Prunus 'Okame'</i>	8.0" DBH	This is a mid-sized Okame Cherry.	No immediate action is required.
79	431 South Avenue	Yoshino Cherry	<i>Prunus x yedoensis</i>	4.0" DBH	This is a small-sized Yoshino Cherry.	
80	206 South Avenue---located near the corner of South State Street and West Franklin Street. Note: South Avenue from State Street to Baltimore Pike---past West Baker Street has no street trees. The sidewalk in this area is in good condition---but "aged".	Little-Leaf Linden	<i>Tilia cordata</i>	22.0" DBH	This is a mid to large-sized Little-Leaf Linden.	This Little-Leaf Linden is in compromised health. No immediate action is required.
81	No street address---located near the corner of South Avenue and West Franklin Street	Ornamental Pear	<i>Pyrus calleryana</i> (cultivar unknown)	14.5" DBH	This is a mid to large-sized Ornamental Pear.	This Ornamental Pear is in compromised health.
82	No street address---located across from 305 South Avenue. This Ornamental Pear is directly behind Christ Episiple Church.	Ornamental Pear	<i>Pyrus calleryana</i> (cultivar unknown)	22.0" DBH	This is a large-sized Ornamental Pear.	No immediate action is required.
83	308 South Avenue	N/A	N/A	N/A	N/A	No immediate action is required.
84	312 South Avenue	American Basswood	<i>Tilia americana</i>	9.5" DBH	This is a mid-sized American Basswood.	A combination od branch stubs and "raised roots" are present. The upper crown of this Basswood has been removed. This tree is in compromised health.
85	No street address---this Redbud is located near the corner of South Avenue and West Jefferson Street.	Red Bud	<i>Cercis canadensis</i>	2.5" DBH	This is a small-sized Redbud.	This Red Bud is in relatively poor overall health.
86	No street address---located near the corner of South Avenue and West Jefferson Street	N/A	N/A	N/A	N/A	No immediate action is required.
87	No street address---located near the corner of South Avenue and West Jefferson Street.	Ornamental Pear	<i>Pyrus calleryana</i> (cultivar unknown)	16.5" DBH	This is a mid to large-sized Ornamental Pear.	No immediate action is required.
88	406 South Street	N/A	N/A	N/A	N/A	
89	Located between 406 and 414 South Avenue	N/A	N/A	N/A	N/A	No immediate action is required.

Media Borough Tree Survey Quadrant 3: Southwest Media (South Jackson Street and West)

90	432 South Avenue	Red Bud	<i>Cercis canadensis</i>	2.5" DBH	This is a small-sized Red Bud.	No immediate action is required.
91	Orange Street---from West Baker Street.	Ornamental Pear	<i>Pyrus calleryana</i> (cultivar unknown)	15.5" DBH	This is a mid to large-sized Ornamental Pear.	No immediate action is required.
92	Orange Street---from West Baker Street.	Ornamental Pear	<i>Pyrus calleryana</i> (cultivar unknown)	10.0" DBH	This is a small to mid-sized Ornamentl Pear.	No immediate action is required.
93	Orange Street---from West Baker Street.	Ornamental Pear	<i>Pyrus calleryana</i> (cultivar unknown)	9.5" DBH	This is a small to mid-sized Ornamental Pear.	No immediate action is required.
94	Orange Street---from West Baker Street.	Ornamental Pear	<i>Pyrus calleryana</i> (cultivar unknown)	14.5" DBH	This is a mid to large-sized Ornamental Pear.	No immediate action is required.
95	Orange Street at the corner of Baltimore Pike---near the "Lovely You" Wig Shop.	Ornamental Pear	Little-Leaf Linden	8.0" DBH	This is a small to mid-sized Little-Leaf Linden.	No immediate action is required.
96	205 South Orange Street	Shingle Oak	<i>Quercus imbricaria</i>	9.0" DBH	This is a small to mid-sized Shingle Oak.	No immediate action is required.
97	211 South Orange Street	Honey Locust	<i>Gleditsia triacanthos f. inermis</i>	21.5" DBH	This is a mid to large-sized Common Thornless Honey-Locust.	This Common Thornless Honey Locust has a sizable "gash" in its trunk.
98	213 South Orange Street	Honey Locust	<i>Gleditsia triacanthos f. inermis</i>	18.5" DBH	This is a mid to large-sized Common Thornless Honey-Locust.	No immediate action is required.
99	No street address---located on South Orange Street adjacent to Christ Episcopal Church.	Red Maple	<i>Acer rubrum</i>	5.5" DBH	This is a small--sized Red Maple.	This Red Maple is not in optimal health.
100	No street address---located on South Orange Street adjacent to Christ Episcopal Church	Okame Cherry	<i>Prunus 'Okame'</i>	6.0" DBH	This is a mid-sized Okame Cherry.	The base of this Okame Cherry is compromised. This Okame Cherry is not in optimal health.
101	No street address---located on South Orange Street adjacent to Christ Episcopal Church	Red Maple	<i>Acer rubrum</i>	5.5" DBH	This is a small-sized Red Maple.	
102	321 South Orange Street	Ashe Magnolia	<i>Magnolia macrophylla</i> subsp. <i>Ashei</i>	6.0" DBH	This is a small to mid-sized Ashe Magnolia.	No immediate action is required.
103	Sidewalk located between 321 South Orange Street and West Jefferson Street.	N/A	N/A	N/A	N/A	No immediate action is required.
104	No street address---located near the corner of South Jackson and West Baker Street.	Shingle Oak	<i>Quercus imbricaria</i>	22.0" DBH	This is a mid to large-sized Shingle Oak.	No immediate action is required.
105	No street address---located near the corner of 421 West State Street (adjacent to West State Court Apartments).	Redbud	<i>Cercis canadensis</i>	2.5" DBH	This is a small-sized Redbud.	No immediate action required.
106	411-415 West State Street	Redbud	<i>Cercis canadensis</i>	5.5" DBH	This is a small-sized Redbud.	
107	411 West State Street	Pin Oak	<i>Quercus palustris</i>	6.0" DBH	This is a small-sized Pin Oak.	No immediate action required.

Media Borough Tree Survey Quadrant 3: Southwest Media (South Jackson Street and West)

108	409 West State Street	Pin Oak	<i>Quercus palustris</i>	30.5" DBH	This is a large-sized Pin Oak.	The trunk of this tree has partially grown over the adjacent curb.
109	405 West State Street---adjacent to the Trolley House.	Red Oak	<i>Quercus rubra</i>	6.0"DBH	This is a small-sized Red Oak.	No immediate action is required.
110	401 West State Street	Pin Oak	<i>Quercus palustris</i>	38.5" x 33.5" DBH	This is a large and mature Pin Oak.	
111	Corner of South Lemon Street and West State Street	Japanese Pagoda Tree	<i>Sophora japonica</i>	26.0" x 31.0" DBH	This is a large Japanese Pagoda Tree.	
112	341 West State Street	Red Maple	<i>Acer rubra</i>	3.0" DBH	This is a small-sized Red Maple.	
113	339 West State Street	European Hornbeam	<i>Carpinus betulus</i>	6.0" DBH	This is a mid-sized European Hornbeam.	No immediate action is required. However, this European Hornbeam is not in optimal health.
114	335 West State Street	Japanese Tree Lilac	<i>Syringa reticulata</i>	3.0" DBH	This is a small-sized Japanese Tree Lilac.	No immediate action is required.
116	No street address---located between 331 West State Street and 319/335 West State Street.	Little-Leaf Linden	<i>Tilia cordata</i>	5.5" DBH	This is a small-sized Little-Leaf Linden.	This Little-Leaf Linden is located near an adjacent parking lot.
117	Located near 319 to 325 West State Street.	Goldenraintree	<i>Koelrueteria paniculata</i>	6.0" DBH	This is a small-sized Goldenraintree.	No immediate action is required.
118	321 to 323 West State Street	Ginkgo	<i>Ginkgo biloba</i>	3.5" DBH	This is a small-sized Ginkgo.	
119	301 West State Street---near the corner of West State Street and Orange Street.	Goldenraintree	<i>Koelrueteria paniculata</i>	9.0" DBH	This is a small to mid-sized Goldenraintree.	This Goldenraintree has no significant health-related issue(s).
120	217 West State Street	Goldenraintree	<i>Koelrueteria paniculata</i>	5.0" DBH	This is a small-sized Goldenraintree.	There are no significant health-related issues associated with this tree.
121	320 West State Street	N/A	N/A	N/A	N/A	
122	211 to 213 West State Street	Zelkova	<i>Zelkova serrata</i>	7.5" DBH	This is a small to mid-sized Zelkova.	
123	Located near 211 to 213 West State Street	Goldenraintree	<i>Koelrueteria paniculata</i>	6.5" DBH	This is a small to mid-sized Goldenraintree.	No immediate action is required.
124	Located near 211 to 213 West State Street	Goldenraintree	<i>Koelrueteria paniculata</i>	7.5" DBH	This is a small to mid-sized Goldenraintree.	No immediate action is required.
125	Located near the corner of Veteran's Square and West State Street.	Ginkgo	<i>Ginkgo biloba</i>	6.5" DBH	This is a small to mid-sized Ginkgo.	No immediate action is required.
126	111 West State Street	Goldenraintree	<i>Koelrueteria paniculata</i>	10.5" DBH	This is a mid-sized Goldenraintree.	This Goldenraintree should be evaluated for potential removal.
127	No street address---located near the corner of South Olive and West State Street	Zelkova	<i>Zelkova serrata</i>	8.0" DBH	This is a mid-sized Zelkova.	
128	35 West State Street	Goldenraintree	<i>Koelrueteria paniculata</i>	6.5" DBH	This is a mid-sized Goldenraintree.	No immediate action is required.
129	27 West State Street	Yellowwood	<i>Cladrastis kentukea</i>	7.0" DBH	This is a mid-sized Yellowwood.	No immediate action is required.

Media Borough Tree Survey Quadrant 3: Southwest Media (South Jackson Street and West)

Tree Number	Street Address	Common Name	Scientific Name	Caliper @12" or Diameter @ Breast Height (DBH-4.5")	Overall Size	Final Recommendations
130	13 West State Street	Goldenraintree	<i>Koelrueteria paniculata</i>	8.5" DBH	This is a mid-sized Goldenraintree.	No immediate action is required.
131	No street address--located near the corner of Jackson Street and West State Street--(adjacent to Sasso's Italian Grill).	Goldenraintree	<i>Koelrueteria paniculata</i>	9.5" DBH	This is a mid-sized Goldenraintree.	No immediate action is required.
132	412 West State Street.	Pin Oak	<i>Quercus palustris</i>	38.0" DBH	This is a large and mature Pin Oak.	Much of the upper crown of this tree defoliated early in the autumn season. There is a sizable frost crack present along the trunk. The base of this Pin Oak is likewise growing around the bricks.
	406 West State Street--located near the corner of West State Street and South Lemon Street.	Pin Oak	<i>Quercus palustris</i>	29.5" DBH	This is a large and mature Pin Oak.	No immediate action is required.
	Located adjacent to the First United Methodist Church	N/A	N/A	N/A	N/A	N/A
	332 West State Street	Little-Leaf Linden	<i>Tilia cordata</i>	22.0" DBH	This is a mid-sized Little-Leaf Linden.	No immediate action is required.
	Between 336 and 330B West State Street	N/A	N/A	N/A	N/A	No immediate action is required.
	Located between 336 and 330B West State Street	Little-Leaf Linden	<i>Tilia cordata</i>	11.5" DBH	This is a mid-sized Little-Leaf Linden.	This Little-Leaf Linden is in compromised health. It displays cracks in its bark and further displays a number of pruning cuts/wounds throughout its upper crown. There are a sizable quantity of communication wires present throughout its upper crown. This tree is growing in a steel grate.
	No street address--located near the driveway leading into the parking area adjacent to the Septa 101 Kiosk.	N/A	N/A	N/A	N/A	No immediate action is required.
	No street address--this sidewalk is located between 321. Near "YIA".	Ginkgo	<i>Ginkgo biloba</i>	1.5" DBH	This is a small-sized Ginkgo.	No immediate action is required.
	No street address--located near the corner of West State Street and South Orange Street.	Ginkgo	<i>Ginkgo biloba</i>	2.0" DBH	This is a small-sized Ginkgo.	This Ginkgo is growing in a steel grate.
	Corner of West State Street and South Orange Street--nearest "Painting With A Twist".	Ginkgo	<i>Ginkgo biloba</i>	6.0" DBH	This is a small-sized Ginkgo.	This Ginkgo displays a number of "healed" pruning cuts/wounds.
	216 West State Street	Goldenraintree	<i>Koelrueteria paniculata</i>	5.5" DBH	This is a small-sized Goldenraintree.	This Goldenraintree is growing in a steel grate.
	212 West State Street	Ginkgo	<i>Ginkgo biloba</i>	7.5" DBH	This is a small-sized Ginkgo.	The bark of this Ginkgo is compromised at the base of the trunk. A total of 4-5 communication wires traverse through the crown of this Ginkgo.
	206 West State Street	Goldrenraintree	<i>Koelrueteria paniculata</i>	8.0" DBH	This a small to mid-sized Goldenraintree.	Both a Gas Main Cover as well as a Water Main Cover---are present near the base of this tree.

Media Borough Tree Survey Quadrant 3: Southwest Media (South Jackson Street and West)

Tree Number	Street Address	Common Name	Scientific Name	Caliper @12" or Diameter @ Breast Height (DBH-4.5")	Overall Size	Final Recommendations
	No street address---located near the corner of State Street and Veteran's Square.	Yellowwood	<i>Cladrastis kentukea</i>	5.0" DBH	This is a small-sized Yellowwood.	This Yellowwood does not exhibit any significant safety-related concerns.
	114 West State Street	Goldenraintree	<i>Koelrueteria paniculata</i>	5.0" DBH	This is a small-sized Goldenraintree.	No immediate action required.
	108 West State Street	Ginkgo	<i>Ginkgo biloba</i>	5.5" DBH	This is a small-sized Ginkgo.	No immediate action required.
	100 West State Street	Goldenraintree	<i>Koelrueteria paniculata</i>	9.0" DBH	This is a small to mid-sized Goldenraintree.	No immediate action required.
	38 West State Street---located near the corner of West State Street and South Olive Street.	Kwanzan Cherry	<i>Prunus serrulata 'Kwanzan'</i>	6.5" DBH	This is a relatively small-sized Kwanzan Cherry.	No immediate action is required.
	32 West State Street	Ginkgo	<i>Ginkgo biloba</i>	6.0" DBH	This is a small-sized Ginkgo.	A total of 4 to 5 communication wires traverse through the crown of this tree.
	30 West State Street	N/A	N/A	N/A	N/A	No immediate action is required.
	22 West State Street	Yellowwood	<i>Cladrastis kentukea</i>	6.5" DBH	This is a small-sized Yellowwood	This Yellowwood has a distinct "fork" of branches---as they continue to form the overall crown of the tree. This "forked" area could indicate a weakened region---and negatively impact the structural integrity of the tree. Most of the present "cracks" have adequately healed.
	22 West State Street	Ginkgo	<i>Ginkgo biloba</i>	5.5" DBH	This is a small-sized Ginkgo.	The lower portion of the trunk is in somewhat compromised health. The tree is both "crooked and decayed"---a total of 3.5' up the trunk.
	4 West State Street	Goldenraintree	<i>Koelrueteria paniculata</i>	7.0" DBH	This is a small to mid-sized Goldenraintree.	A total of 4-5 communication wires traverse through the center of this tree.
	No street address---located near the corner of West State Street and South Jackson Street.	Goldenraintree	<i>Koelrueteria paniculata</i>	6.5" DBH	This is a small to mid-sized Goldenraintree	No immediate action is required.
133	449 West Baltimore Pike	Okame Cherry	<i>Prunus 'Okame'</i>	3.5" DBH	This is a small-sized Okame Cherry.	No immediate action required.
134	441 West Baltimore Pike	Sweet Gum	<i>Liquidamber styraciflua</i>	24.5" DBH	This is a mid to large-sized Sweet Gum.	No immediate action required.
135	429 West Baltimore Pike	Pin Oak	<i>Quercus palustris</i>	51.5" DBH	This is a very large and mature Pin Oak.	The health of this large and mature Pin Oak should be further evaluated and reviewed.
136	429 West Baltimore Pike	Shingle Oak	<i>Quercus imbricaria</i>	16.5" DBH	This is a mid to large-sized Shingle Oak.	Shingle Oaks are much more "Southern" in their geographic range. They are not an overly common species of Oak within the Philadelphia region.
137	423 West Baltimore Pike	Shingle Oak	<i>Quercus imbricaria</i>	19.5" DBH	This is a mid to large-sized Shingle Oak.	There is no immediate action needed in association with this Shingle Oak.
138	413/423 West Baltimore Pike	Little-Leaf Linden	<i>Tilia cordata</i>	16.5" DBH	This is a mid-sized Little-Leaf Linden.	There are numerous suckers growing from the base of this tree.
139	413 West Baltimore Pike	Yoshino Cherry	<i>Prunus x yedoensis</i>	11.5" DBH	This is a mid-sized Yoshino Cherry.	
140	413 West Baltimore Pike	Hybrid Red/Pin Oak	<i>Quercus sp.</i>	31.5" DBH	This is a large-sized Hybrid Oak.	No immediate action is required.
141	413 West Baltimore Pike---located near South Lemon Street.	N/A	N/A	N/A	N/A	No immediate action is required.

Media Borough Tree Survey Quadrant 3: Southwest Media (South Jackson Street and West)
